## Fall 2025 Registration Waitlists to be Cleared August 4

Dear Colleagues,

The automated waitlists established during registration will be cleared on Monday, August 4.

Automated waitlist functionality will not be in place during the add/drop period. We suggest that you run an [Argos](#) report, listing all the courses that had active waitlists at the end of registration, and the names of the students on those waitlists. Faculty are likely to ask you for the names of the students who were on the waitlist for their course. The name of the Argos report is *Course Enrollment Registered & Waitlist*.

If you have any questions about how to run the Argos report, the [Argos team](#) holds office hours and offers new user orientation and training videos. You can write to [courseleaf@yale.edu](mailto:courseleaf@yale.edu) if you have questions about the waitlists or alternative tools for managing enrollment during the add/drop period.

Thank you,
