Spring Term Registration and Student Enrollment Status

Dear Yale College student,

Yale College Academic Regulations require a student to be enrolled in a program of study worth at least 3 course credits prior to midterm, unless urgent medical needs require them to seek permission to take only two course credits. At the time of this message, you are not enrolled in the minimum 3 course credits. You will need to add courses to your registration worksheet in [Yale Course Search](#) before registration closes on December 18 (only courses with a black checkmark on your registration worksheet count toward enrollment).

Failure to register for full-time status may impact eligibility for athletics, international status, campus services, and participation in some events. Registration resources can be found [here](#).

Sincerely,

University Registrar's Office
