Reminders

University Registrar's Office

Thursday, October 13, 2022
● New spring course proposals must be submitted to the Course of Study Committee by October 24 to be approved and offered in time for the opening of registration. They will continue to be reviewed through early December.

● Syllabi should be available to students by November 1.

● Students have access to a Registration worksheet and a Canvas worksheet. The Registration worksheet is for official enrollment as a student; the Canvas worksheet is for visiting courses and is not official enrollment.

● Instructor permission - the registration system offers a formal permission request and grant process. If a course has reached enrollment capacity, or if a course has been marked as “Instructor Permission Required” in CourseLeaf WEN, students who attempt to enroll in the course will be prompted to submit a formal request. Instructions for managing permission requests can be found on the Registration website.

● Discussion/Lab Section selection - students will select discussion/lab sections during the Registration period; therefore, at least one discussion/lab section must be offered in CourseLeaf WEN by November 10. Additional discussion/lab sections may be offered at any point during the course enrollment cycle, based on teaching fellow allocations and student demand.

Additional instruction and information will be forthcoming. Refer to the Registration website for additional details, instructional documentation, FAQs, and dates and deadlines.

Sincerely,
