Seniors: Check Your Major and Degree for Graduation

Dear Yale College Senior,

This is a reminder that we will soon begin processing your record for graduation next term. As a result, after January 1, 2023, you will no longer be able to change your own major or degree in Yale Hub.

Please take a moment to check your major(s) and degree in Yale Hub and make any updates needed. Make sure any certificates or MAPs you are completing are listed on your audit. If you are completing two majors, you cannot update your own record; please email any corrections to registrar@yale.edu.

Thank you for your assistance.

University Registrar's Office
