Dear Yale College Student,

You are receiving this email as a non-graduated student enrolled in Summer Session 2023.

Your record will be evaluated at the end of the summer, when all courses and grades are complete. If the courses you took in Summer Session fulfill your remaining degree requirements, a note will be added to your official transcript that you have “qualified” for the bachelor’s degree along with the date the qualification was determined.

Your name will be added to the agenda of the next meeting of the Yale Board of Trustees for conferral of your degree. The fall BOT meeting generally takes place in late September or early October. Once the degree is conferred, your diploma and transcript will reflect the actual date of conferral.

Until that time, if you need to prove to employers or others that you have fulfilled the requirements for the degree, you can use an official transcript, which you can order on the Yale Hub. Once the “qualified” note has been added to your transcript, you will receive, via email, a generic letter from the Registrar’s Office explaining what the transcript note means. Attach the letter to your transcript order.

Please contact registrar@yale.edu if you have any questions about this process.

Sincerely,

University Registrar's Office
