## Spring 2024 Registration Updates and Deadlines

Dear Yale College and Graduate School Students,

The spring 2024 registration period closes at 5:00 p.m. on Thursday, December 21. Your registration worksheets will be locked at that time and will remain so until add/drop period opens on January 8 at 8:00 a.m.

- Yale College students must enroll in a minimum of three course credits.
- Enrollment in courses with pending instructor permission requests is not guaranteed; instructor permission pending and waitlisted courses do not count towards the minimum of three enrolled credits for Yale College students.
- Faculty will continue to review and approve or deny permission requests, but students will not be able to add them to or remove them from their schedules until add/drop period opens.
- Automated waitlisting will end at 5:00 p.m. on Thursday, December 21. When add/drop period opens, students may only enroll in the course for which they were waitlisted if a seat becomes available. There will be no email notifications of vacant seats.
- Students should review their Degree Audit through the [Yale Hub](#) to ensure their planned enrollment applies toward degree and major requirements.

Sincerely,
