Dear Instructor,

Official class rosters for Yale College and Graduate School courses are available through Faculty Grade Submission (FGS). Class rosters can be printed from the Grade Entry page in FGS.

Because FGS contains your official class roster, please take a moment to compare it to the students in your course. If discrepancies are found, students should be notified to submit a course change form in order to drop or add the course.

Thank you for verifying the students in your courses.

Sincerely,

University Registrar's Office
