Narrative Evaluations Needed for Pass/Fail Grades

Dear Professor,

Please log back into the [Faculty Grade Submission](#) (FGS) and add a narrative evaluation for each of your students in independent study courses. For the courses listed below, the grade you entered for the independent study was recorded, but the narrative was missing.

FGS includes a template to help you structure your narrative. To find the template and the evaluation fields:

- Log into FGS and navigate to the specific grade roster
- In the upper right corner of the roster, click the link "End of Term Report/Ind Study Eval"
- A new window will open in which you can select an independent study evaluation form and template for each student

Independent study courses are to be graded Pass/Fail, and each grade is to be accompanied by a narrative evaluation of the work completed. Students enrolled in independent study courses expect these evaluations and depend upon them for your feedback on their performance in the course.

Thank you for your cooperation.

Sincerely,

University Registrar's Office
