Fall 2024 Term Roll Status

Dear Colleagues,

The Banner spring-to-fall term roll is complete, and Fall 2024 records are established for returning students.

Verify your student data and correct any discrepancies by June 28; however, no tuition or fees for fall term should be assessed prior to June 21. To verify your data, use the “VW_Term Roll” report in Jaspersoft.

Next steps:

- The term roll does not create data for joint degree students; you need to create these records manually.
- The “Matric Update” process will be run on Friday, May 31, to create records for new entering students.
- Fall 2024 fee assessment will run on June 24.
- Fall 2024 billing will run on July 1.

Thank you for maintaining your student data. If you have any questions, please write to registrar@yale.edu.

Sincerely,

University Registrar's Office
