Course Conversions Due Before End of Term

Dear Students,

To comply with federal regulations and maintain the integrity of student records, **the course adjustments listed below must be made before the last day of classes in the term in which the class is taken.**

- All students undertaking graduate-level coursework in a Yale College course must be enrolled in the graduate course number before the last day of classes for that term.
- Students enrolled in a cross-listed course wishing to change to a different cross-listed subject and course number must do so before the last day of classes for that term.

Students who need to switch courses or sections must submit a [Course Change Notice](#) during the term in which they take the class. The Degree Audit does allow departments to apply cross-listed and undergraduate courses towards BA/MA or BS/MS degree requirements if the need arises.

We hope you are off to a great start of the new academic year.

Sincerely,
