Yale College Programs of Study 2025-2026

Dear DUS,

This week you will receive CourseLeaf notification that your major or program description, as it appears in the *Yale College Programs of Study*, is ready for annual review. The CourseLeaf email notification you receive contains a link to your [DUS queue](#) where you will find your YCPS pages.

This is your opportunity to revise and clarify all information currently appearing on your pages for the 2025-2026 *Yale College Programs of Study*. This year you will find a question asking you to create or confirm your Credit/D/Fail policy on the Overview page. There is also standard information about the possibility of outside credit counting toward the major, without the need for a written policy at this time. This new information will appear as green text.

Your review, with or without changes, is due by **March 3, 2025**. This is an important task because once YCPS publishes in spring 2025 only the Faculty tab can be updated.

If you intend to make changes to your major, those changes must be submitted to [David Francis](#), Secretary for the Committee on Majors, by **Friday, December 20**.

Contact [Beth Baumgartel](#) if you have any questions or wish to review the editing process. A brief [YCPS editing tutorial](#) is provided.

Sincerely,

University Registrar's Office
