### Reminders

- Yale College students register for courses in [Yale Course Search](#). The registration worksheet is for official enrollment as a student; the canvas worksheet is for visiting courses and is not for official enrollment.
- Some courses require instructor permission. To register for these courses, you will be prompted to submit a formal request. If the instructor grants permission, you must actively accept the seat in order to be enrolled in the course. More information can be found on the [registration website](#).
- For courses with a discussion/lab section, students must select the section during the registration period.
- Check for holds on your account by logging in to the [Yale Hub](#). A hold can only be removed by the office that placed it, and the University Registrar's Office cannot remove holds placed by other offices. Instructions for resolving holds are available on the [registration website](#).
- See the [Course Number Equivalency Report](#) on the [University Registrar's Office website](#) if you have any questions about the transition from 3-digit to 4-digit course numbers.

Refer to the [registration website](#) for all dates, how-to instructional guides, and FAQs.
