**Subject:** August deadlines for fall term preregistration

Dear Yale College Student:

Some fall-term courses require preregistration, a placement test, or other action before the term begins. Refer to the [Preference Selection, Preregistration, and Applications](#) page for August deadlines.

Some courses may not appear on the [Preference Selection, Preregistration, and Applications](#) page because they use a paper form or other preregistration system. Check course descriptions and departmental websites for details about enrollment procedures.

Sincerely,

Gabriel G. Olszewski  
University Registrar  
Executive Director, Student Financial and Administrative Services
