Statistics & Data Science

Degrees Offered	BA Statistics & Data Science	BS Statistics & Data Science

Prerequisites for entering the major

MATH 120, ENAS 151, MATH 230
or equivalent

Requirements for each degree

	11 term courses beyond prereqs, incl senior req	**14 term courses** beyond prereqs, incl senior req

MATH 222 or 225

2 courses from Core Probablity and Statistics
(For the B.S. one of these courses must be S&DS 242)

2 courses from Computational Skills

2 courses from Methods of Data Science

3 Electives
chosen from any discipline area with DUS approval

3 additional electives: 1 from Mathematical Foundations and Theory and 2 from any discipline except Data Science in Context and Methods in Application Areas, with DUS approval

Senior Requirements

Senior Seminar (S&DS 490)
or
Senior Project (S&DS 491 or 492)
or
Statistical Case Studies (S&DS 425)
